To Whom It May Concern,

This is a letter of reference written on behalf of Mr. Galido.

I have worked with Mr. Galido in various capacities since September, 2004. He has reported to me both as an employee and as an IT advisor.

As the Controller of Futurekids, Mr. Galido reported to me as the entire IT department – no small task given the charter of the company is to teach teachers how to take advantage of all technology has to offer and integrate it into their classrooms. His role included maintaining the IT environment of the corporate offices and web presence as well as incorporating client schools into the “Futurekids” education portal.

When I left Futurekids, I realized the contributions that Mr. Galido brings to the table. I have since been a Consulting CFO for a broad spectrum of companies, from manufacturing to distribution to this start-up web business. Every IT question or issue that I have is discussed with Mr. Galido, who never fails to bring his expertise to the problem at hand.

I wholeheartedly recommend him for any IT or web development work that you have. Please feel free to contact me for any further references.

Sincerely,

Chris Purcell
CPA and Attorney at Law
