To Whom It May Concern:

This letter of recommendation is written on behalf of Mr. Galido.

I have known Mr. Galido for two years, and in this time he has consistently proven to be an exceptional young man on several fronts. First, from a personal perspective, he is a well-mannered, polite and trustworthy individual. Secondly, from a professional perspective, he is hard working, dedicated and committed. Thirdly, from a technical perspective, he is nothing short of outstanding.

As a Field Engineer with EyeFi Technologies and Nvisicom Networks (one of my former companies), Mr. Galido has established himself as the foremost technical expert on our team. His broad knowledge of all things networking-related whether computer-oriented, Internet-focused or configuration-based, give him instant credibility in front of customers, partners and prospects. He often goes over and above the call of duty – working into the late evenings on several occasions to ensure that projects are completed. For these reasons, it is not uncommon for customers to specifically request Mr. Galido by name despite the availability of other technical personnel. He truly is the type of person that would bring value to any IT staff that he joins.

If you have any questions, please feel free to contact me.

Regards,

Randel Maestre  
President
